

What is Covered?

The following specifically listed components and labour costs are covered against sudden Mechanical Breakdown, provided that the terms and conditions of this warranty are fully complied with. Within the warranty period the number of claims are unlimited, however the maximum amount claimable per claim will be subject to the Claim Limit selected and in aggregate the value of the Vehicle at the time of claim.

Please refer to your Schedule for details of the Claim Limit and Labour Rate applicable to your warranty.

Engine

Cylinder Block (excluding Cracks), crankshaft, crank bearings, big end bearings, oil pump, con-rods, gudgeon pins, small end bearings, pistons, piston rings, cylinder bores, cylinder head (excluding cracks), rocker shaft, rockers, hydraulic lifters, camshaft and cam followers, push rods, camshaft bearings, inlet and exhaust valves, valve springs, valve guides, cylinder head gasket, inlet manifold, timing gears, (Excluding flywheel and starter ring gear, sticking valves, Oil leaks).

Cooling System

Engine thermostat, water pump, viscous fan coupling.

Fuel System

Carburettor, fuel injection pump and fuel lift pump. The following items relate to diesel engine vehicles only. Low pressure supply pump, fuel injector governor, fuel shut off mechanism, hydraulic or electrical injection timing mechanism, high pressure fuel metering head, manifold boost pressure compensator, altitude compensator, glow plug relay, brake vacuum pump.

4x4 Transfer Box

The following internal mechanical components are covered: Transfer gears, selectors, shafts, transfer shafts, needle and roller bearings, output shafts. (Excluding Oil Leaks).

Driveline

Front and rear wheel drive vehicles: Open drive shafts including constant velocity joints, universal joints and couplings. Rear wheel drive half shafts, half shaft bearings. Includes front and rear transfer shafts 4x4 vehicles. (Excluding: Gaiters and viscous couplings, oil leaks).

4x4 Differential

Planetary gear assembly, crown wheel and pinion assembly. Internal shafts, bearings and bushes, thrust washers, spacers, bevel gears. Includes front, rear and centre differential on 4x4 vehicles. (Excluding: Viscous couplings and fluid differentials, oil leaks).

Manual Gearbox

The following internal mechanical components are covered: Gears and gear cluster, selectors and shafts, synchromesh assemblies, bushes, ball and roller bearings, needle bearings and transfer gears. (Excluding oil leaks).

Automatic Gearbox

The following internal mechanical components are covered: Governor, valve block, oil pump, gears, brake bands, servos, clutches, seals, shafts, bearings and bushes, modulator, valve and transfer gears.

Continuously Variable Transmission

(CVT/CTX): All internal mechanical components and seals. (Excluding Oil leaks).

Torque Converter

All internal mechanical components and seals.

Propshaft/s

Propshaft, universal joints and couplings. (Excluding: Gaiters).

Suspension and Steering:

Power steering rack, power steering pump, power steering box and idler box. (Excluding: Gaiters, oil leaks, tracking and balancing).

Braking System

Brake master cylinder, wheel cylinders, brake bias/restrictor valve. (Excluding: Corroded, seized or leaking components).

Electrical:

Alternator, voltage regulator, front windscreen wiper motor, front windscreen washer motor.

Casings:

Consequential damage to casings caused by the failure of a covered component will constitute part of the total claim (within the stated claim limits).

Working Materials

Should any authorised repair to any of the above components require essential replacement or topping up of lubricants, oils or coolant or replacement of the oil filter these shall be covered as part of total claim (within the stated claim limits).

PLEASE NOTE:

Those components covered are covered against Mechanical Breakdown, the replacement of oil filters, lubricants, antifreeze and fluids is included provided the replacement is necessitated by the failure of a covered component and the Vehicle is not within 1,000 miles of its next due service. External oil leaks are specifically excluded. Any Mechanical Breakdown resulting from Wear and Tear is specifically excluded under this cover level.

IMPORTANT:

It is essential that an authority number be obtained from the Administrator before any repairs commence.
